

# Civics Fall Research Outline

Research Topics: Any option **MUST** have an argument or position developed on your own

- Long term effects (with specific examples) of a landmark supreme court case from the 20th century.

- Near v. Minnesota, 1931                      - Korematsu v. United States, 1944

- Texas vs Johnson 1989                      -New York Times Co. v. Sullivan, 1964

- Loving v. Virginia 1967                      - US vs Nixon 1974

---

**Step 1:** Select 2 research topics/ cases from the list above (try to choose at least one that you know nothing about) and do some general research about each one. Write down 5 facts/ things you learned about each one and try to get a general idea of the topic and the specific case. If you cannot figure out what is going on this is a good sign that this is **not** the topic for you.
